

An Invitation to Join...

**BE SMART.
GET CONNECTED.**

Join the financial industry's premier resource for networking and professional development.

The Association for Financial Technology (AFT) serves a *unique* and *important* role in the financial service industry. While technology advances, regulations change, and diverse market factors exert greater pressure, financial institutions must lean on their technology providers for guidance to stay current while not losing their competitive edge.

**BE EMPOWERED.
STAY INFORMED.**

Get the latest business and industry intelligence from the financial industry's premier resource for technology, data services and compliance.

AFT provides technology companies who serve financial institutions with a way to succeed in the market by helping them:

- AFT™ *Stay well connected with a strong network of their peers*
- AFT™ *Exchange insight and learning with each other in an environment of confidence and trust, not fearing what they are giving up, but embracing the insight they gain*
- AFT™ *Build a diverse critical mass of opinion leaders and members among the leading group of technology vendors in the financial market*
- AFT™ *Create a vibrant dialogue and compelling meeting content that members rely on to stay on top*

Through AFT, members will discover tangible ways to *improve their business development and strengthen the relationships* that make the industry more collaborative, innovative and productive. AFT Promotes and fosters standards of excellence that all members can strive to embrace in all aspects of their business.

BE THE BEST. BUILD A NETWORK.

Think differently and exchange ideas with the experts who understand the issues, trends and forces shaping your industry.

The Association for Financial Technology has provided nearly 40 years of continuous service to the financial technology industry. The organization was founded in 1972 to promote high standards of professionalism in the financial technology industry and today AFT continues to help technology companies succeed in the demanding and growing financial services market.
