MEET THE BUILDER: 3 Pillar Homes provides a true design-build experience with a friendly, professional staff helping to navigate clients throughout the entire building process. Our experienced project-management team is dedicated to delivering quality in-house architecture and interior design services. We provide quality craftsmanship,

collaboration and personal one-on-one attention to detail. 3 Pillar Homes has 15 years of experience in building true custom homes in central Ohio, where 98 percent of our work is custom, including the design, construction and support phases, both in our communities and in off-site settings.
