1. Why do you want to attend the Eastern Communication Association Annual Convention?

2. How would you benefit from being a Student Ambassador?

If I am awarded a Student Ambassador scholarship, I agree to work a minimum of six hours at the Eastern Communication Association's annual convention. I understand that I will be representing the Eastern Communication Association as well as my school and will perform the assigned duties in a professional manner, work cooperatively with other Student Ambassadors, the Executive Director, the First Vice President, and their representatives.
