

My Career Dream

What am I doing
Sitting here wondering
Where is my life going
This is only the beginning

I realize it is time...
Past time
To get off my behind
And Shine

What will I do
What will I be
I have not a clue
About my gift in me

I care
I love
I share
How do I prove

Blood and guts
I do not squirm
To mend and heal
Is the desire that I yearn

My heart is my gift
That God has given to me
The power to make people feel better
Is my strength in me

Physician is my calling
Nothing else strikes me higher
It has occurred to me
I want to be a health provider

What other place can I fit this need
Knowing that I helped someone indeed
The joy and the thrills of the unexpected
Saving lives I am addicted

Through the tears and sweat
I am unable to forget
How precious life can be
