

Cross-System Response to the Opioid Epidemic

November 12th, 2012

8:00a.m. to 4:00p.m.

Problem:	The prescription drug epidemic is taking a significant toll in our communities. Drug overdose is the leading cause of injury death in Ohio, Kentucky and Indiana.
Purpose:	Build partnerships across systems to improve access to evidence-based treatments to prevent overdose, deaths and relapse to opioid use.
Audience:	Community members and professionals in Ohio, Kentucky and Indiana impacted by the prescription drug epidemic including professionals working in the addiction treatment system, emergency department, poison control centers, primary care, policy makers, occupational medicine, workers compensation, family services, police departments, fire departments, EMS, pharmacists, and other social service systems.
Partners:	The Ohio Valley Node of the National Institute on Drug Abuse's Clinical Trials Network, The Health Foundation of Greater Cincinnati, the Ohio Department of Health, the University of Cincinnati and the Coalition for a Drug Free Greater Cincinnati.
CEU/CMEs:	Continuing Education Credits are being given to physicians, social workers, nurses, EMS personnel, and chemical dependency counselors. (See specific information below.)
Location:	The METS Center, 3861 Olympic Boulevard, Erlanger, Kentucky 41018 http://www.themetscenter.com
Cost:	\$35 registration fee (includes lunch & CEUs/CMEs)
Registration:	Please click here to register online. If you have difficulty registering online, please contact Ron Coleman or Lindsay Bybee at 513-250-6851 for assistance.
