

# WEBINAR

## Lessons Learned: Implementing Prescribing Guidelines in the Emergency Department

Emergency department prescribing guidelines are intended to provide clinical guidance to reduce inappropriate prescribing of opioid pain medication. The Ohio Department of Health and the Ohio Injury Prevention Partnership are hosting a webinar to share the lessons learned from the implementation of such guidelines in facilities around Ohio.

**Tuesday, April 16, 2013**

**10 am - 11 am**

### Presenters:

Dawn Prall, MD, FACEP, Immediate Health Associates

William Quinlan, Risk Manager, St Luke's Hospital
