Selection Criteria

Be sure to answer the following questions within your presentation proposal. The CME Planning Committee will use the following selection criteria when choosing presentations:

- Is the information presented relevant and significant to osteopathic physicians?
- Are the concepts introduced useful and practical? Balanced? Accepted practice? Cutting edge? Evidence based?
- Is the scope of the presentation appropriate to the requested time limitation?
- Is the instructional design creative, allowing for interaction among the participants?
- Is there demonstrated knowledge of the subject matter?
- Is the material presented logically?
- Is there an effective use of audiovisual and multimedia equipment?
- Is the scope appropriate for the intended audience (years in practice, general, specialty)?

Session Title: The session title should be exactly as it should be published.

Brief Description: The brief description will be used to promote the session in the preliminary program. Please enter exactly as it should be published.

Intended Audience: Please indicate your intended audience (primary care, specialty, etc.)

Overall Abstract: This information is for the purposes of giving the program committee a clear idea of what will be presented. Please limit your abstract to 500 words or less.

Needs Assessment The Needs Assessment should be 2-3 sentences explaining why the session content is important. Please include statistics (if applicable) and site references. The American Osteopathic Association CME process requires that sessions be backed by legitimate need.
