This Year's Charity

This year's charity is the Charitable Pharmacy of Central Ohio. They provide pharmacy services and medicines to qualified patients at no charge. Patients have little or no income and no health insurance. In four years of operations more than 3,100 new patients have qualified for services, with more than 160,000 prescriptions dispensed having a retail value of more than \$12,500,000. The proceeds from the tournament this year will be used to provide necessary medicines and information to improve the health status of patients who have Diabetes and Lung Diseases.

"Reaching others with the love of Jesus Christ"
