Andy is the Vice President and Client Manager (Sales & Business Development) at TranSystems, a position he accepted 14 years ago. In his role, he is responsible for developing and maintaining client relationships, business development/sales and business strategies.

From a technical perspective, as a transportation planner, Andy is involved with managing the preliminary development of projects, alternatives analyses, NEPA evaluation, agency coordination and public involvement.

Andy graduated from University of Toledo with his bachelors and masters. Andy and his wife have three children, ages 15, 10 and 5. They enjoy watching both professional soccer and their kids travel club teams. Along with soccer, Andy and his family enjoy doing anything outdoors; hiking, backpacking and kayaking.

Andy has been active in ACEC Ohio for roughly 10 years. He is the Chair of the Central Ohio Chapter and is excited about being Chair during our chapter integration process with the state organization.

"I appreciate ACEC Ohio being the the watchdog for our industry, with regulatory agencies and state and federal government." Andy states.

Andy particularly enjoys developing personal relationships with individuals at other companies, as well as with the state and federal officials.
