

## 2021 PAC REPORT

### A letter from our Chair Fred Seling

ACEC Ohio member firms that consistently meet their PAC goals tell us they contribute because it is good for their business and our industry. Their contributions combined with contributions from other member firms provides greater impacts than any single contribution ever could.

The National and Ohio PACs work closely with legislators to make them aware of our industry concerns and to alert them to legislative provisions that would positively or negatively impact our businesses. The ACEC Ohio PAC Trustees and leadership annually have sit down dinners and discussions with Ohio ACEC House and Senate leadership where we hear their legislative priorities, and we discuss our specific industry concerns. These

meetings also permit us to develop relationships which may help us on various legislative levels in the future. Legislators know ACEC is supportive of those who support of our industry.

It has been my honor to be an ACEC Ohio PAC Trustee and Chair. I appreciate the support and efforts of the other Trustees, the staff, and our member firms. ACEC Ohio has elevated the importance of the PAC and our advocacy efforts and must continue to continue to grow to enable us to "have a seat at the table".

Thank you

Fred Seling, PE  
2020-2021 ACEC Ohio PAC Chair

Governor DeWine signs Senate Bill 49 which creates a payment assurance program for design professionals.

PAC Kickoff Event at TopGolf

PAC Senate Leadership Dinner
