In the face of increasing Antisemitism and Islamophobia, we've seen an outpouring of registrations for our training topics to address hate and harassment. Since we shared the initial three training sessions to meet this moment, we've had over **500 people** register. And as we all grapple with the reverberations of hate around us, we know our training is needed now more than ever.

**Due to overwhelming demand, we are offering additional dates** and times to attend our training to address Antisemitic and Islamophobic hate.

**We invite you to join our training sessions to help us disrupt the cycle of hatred and violence, that has led to the tragedy.**
