

# BWC updates requirements for Drug-Free Safety Program training

The Ohio Bureau of Workers' Compensation (BWC) recently updated rule 4123-17-58 for their Drug Free Safety Program and Comparable program. The new rule became effective July 1, 2023. BWC emailed notifications to program participants in May regarding the following rule changes:

- Basic and Advanced Level participants must maintain all supporting documentation and be prepared to submit additional information upon request. Invoices and sign in sheets shall be included for *all* employees that have completed drug testing and training & educational requirements.
- Train-the-trainer materials need to be refreshed at least every five years. Employers are also asked to include the invoice or supporting documents with their supplemental information.
- Employers in the comparable program are now required to complete employee and supervisor refresher training annually. Previously, training was just required one time.
- Contractors must submit a DFSP testing and education plan for inclusion on the list of public improvement construction project contractors.
- For those employers that have worked on a state project during the program year, company records showing at least 5% random drug testing must be maintained or that they were included in a consortium while on the project.

For additional information regarding these changes, please visit the BWC's Drug-Free Safety Program page here: <https://info.bwc.ohio.gov/for-employers/workers-compensation-coverage/rates-and-bonuses/drug-free-safety-program>
