CASA SALARY SURVEY

WHAT IS THE SALARY SURVEY?

The CASA Salary Survey is an annual statewide survey that collects and analyzes region-specific compensation data from ambulatory surgery centers (ASCs) across California. It gathers detailed information on salaries and wages for a wide range of ASC positions, from clinical to administrative roles.

WHY SHOULD YOU PARTICIPATE IN THE SALARY SURVEY?

Contributing your data helps build a valuable resource that assists with budget management, supports fair compensation, better staffing decisions, and helps you stay competitive in recruiting and retaining talent. The more facilities that participate in the survey, the more accurate, comprehensive, and useful the final report becomes – for everyone. It's FREE for CASA members to complete the survey. Click [HERE](#) to JOIN CASA. Once the survey period ends, a comprehensive results report will be available. CASA members who complete the survey receive the full report at no cost – a \$500 value.

SALARY SURVEY PROVIDES ASCS WITH VALUABLE INSIGHTS

After the survey period ends, ASCs will gain valuable insights on salary data including:

- **Accurate Regional Benchmarking:** Gain access to comprehensive salary data broken down by California region, helping you understand compensation trends specific to your area.
- **Volume-Adjusted Insights:** The survey accounts for ASC volume, offering more tailored and relevant comparisons.
- **Wide Range of Positions Covered:** From clinical staff to administrative roles, the survey includes a full spectrum of ASC positions to provide a complete compensation picture.

The Salary Survey has received high marks from human resource experts for its thoroughness and accurate geographic diversity.

WHO CAN PARTICIPATE IN THE SALARY SURVEY?

The Salary Survey is only available for CASA members. To view our membership benefits and complete our membership application, please visit our membership page [here](#).

HOW MUCH DOES THE SALARY SURVEY REPORT COST?

Participating CASA members will receive the results for free. All others (non-participant members and non-members) will be charged a fee of \$500 for the results.
