The Mechanical Contractors Association of Ohio is a coalition of signatory Plumbing, Piping, HVAC and Specialty Sheet Metal Contractors who, through their local associations from across the state, monitor and act on the legislative, judicial and agency issues that are important to the specialty contracting industry. The MCAO has been engaged in government affairs work and lobbying on behalf of the industry since the late 1960's. The MCAO's success is directly tied to the strength of its members!

This Convention is YOUR unique opportunity to join the greatest assembly of signatory contractors in Ohio!
