

“PROTECT OUR SURGERY CENTERS”

These contributions to the IFASC PAC assist in the support of friendly legislators whom we can call upon to block legislation that might be hazardous to the viability of our ASCs. Your membership dues fund lobbying efforts but not contributions to the campaigns of legislators.

Yes, Our Center will contribute*

* Suggested minimum amount is \$500.00 budgeted per center per year. It is important that all Indiana ASCs share in the effort to support the legislators that are “friendly” to our business model. There are other groups that are not “friendly” to the ASC business model that are making contributions to legislators.

THANK YOU!
