Emergency Preparedness Updates

IFASC Awarded Grant from ISDH

The IFASC was recently awarded a \$45,000 grant from the Indiana State Department of Health (ISDH). These funds will help IFASC Members through EP education and resources.

Emergency Preparedness Resources

IFASC has recently added to the Emergency Preparedness Toolkit that is available to all members on the IFASC website. [The IFASC Toolkit Expansion](#) includes such resources as life safety policies, practice emergency scenarios, patient and facility emergency forms, and more.

Invite Your Local Legislator to Your ASC

One of IFASC's objectives is to facilitate legislator and ASC facility tours. These tours establish valuable relationships with our elected officials and are an opportunity to educate them on the benefits that ASCs provide to the community. For more information, please contact info@ifasc.org.

Donate to the PAC

When the IFASC monitors legislation and testifies at the State House, we are fighting for all Indiana ASCs. Therefore, we are asking all of our Indiana ASCs to contribute financially to the cause of keeping our ASCs viable now and in the future. We must continue to combat the well-funded and organized influence arrayed against us. Thank you in advance for your PAC contributions!

IFASC Strategic Plan 2020 – 2022

IFASC has updated its Strategic Plan for 2020 – 2022. Some items to note include growing the membership so that 75% of all licensed ASCs are members in 2020; aiming to increase return on investment in 2020 to support member benefit activities; and a member satisfaction survey (to be implemented in January).
