

Safety Message of the Day for IMEA Members

Hazard Assessment Safety Message

Hazard assessments are simply a process of identifying hazards, evaluating the risks presented by those hazards, and managing the risks of the hazards.

1. Evaluate every job site, no matter how routine the job is
2. Determine if hazards are present
3. Check for hazards to:
eyes, exposed skin, head, feet, hands and lungs
4. Determine what PPE will protect against hazards
