

CORE VALUE of ISD MEMBERSHIP

**INTERNATIONAL SEALING
DISTRIBUTION ASSOCIATION**

Connecting World Class Sealing Distributors and Manufacturers

The International Sealing Distribution Association (ISD) is THE professional network for world-class sealing technology distributors and manufacturers, dedicated to significantly improving member performance by sharing best practices, ideas, technology and knowledge in a social and interactive environment.

ISD is a not-for-profit trade association formed to enhance the success of members through information, education, and interaction. ISD members make, sell, install and/or maintain mechanical and hydraulic seals, packing, gaskets, o-rings, and related fluid sealing products and range from the largest distributors and manufacturers in the industry to companies with less than 10 employees. This diversity is one of ISD's strengths. ISD is committed to success — YOURS! ISD's member benefits and services are designed to improve the professionalism, success and profitability of participating companies and individuals.

“The value I have received from the International Sealing Distribution Association has helped propel our company from a 3-man operation to a company now located in three countries with over a 100+ employees. ISD offers technical expertise from a network of sealing professionals, economic updates from professional economists, benchmarking against peers, and suppliers that have opened new markets.”
