

## Maple Knoll Village

Patricia Wade

Senator Bernie Sanders sat in the bleachers on Capitol Hill for Joe Biden's inauguration as President on January 20, 2021. Bernie was photographed wearing oversized homemade mittens, a practical parka, and a mask. He was sitting socially distanced on a folding chair with crossed arms and legs. The photo went viral on the internet, and Bernie was photo-shopped into movie scenes, paintings, and historical moments. As a crocheter, I was pleased to find a pattern for a mini lifelike Bernie doll, complete with parka, mittens, glasses and mask. The pattern was created by Tobey King from TobeyTimeCrochet, and appeared on Etsy. I have amused all my friends with my Bernie, and now he has become a prize winner, earning a blue ribbon at the Butler County, Ohio County Fair!
