

WACHA's AAP OFFER

Why Become an AAP?

AAPs (Accredited ACH Professionals) are recognized as experts on ACH-related issues. As an AAP you'll become a leader in your field while increasing your value to your organization. It's a win/win situation. However, before you embark on the journey, a certain amount of preparation is required.

It is recommended that you have at least two years of payments-related experience before you attempt to take the AAP exam. In addition, you'll want to prepare for the exam by attending classes offered by WACHA that provide the information you'll need to pass the exam, as well as purchasing the necessary study materials.

What is WACHA's AAP OFFER?

WACHA offers a special incentive package to individuals who want to take the AAP exam in October 2016. You will need certain publications for reference and study, as well as training sessions (see "Recommended AAP Publications" and "Recommended AAP Training Sessions" below) which cover information necessary to pass the AAP exam. Wouldn't it also be helpful to have a study guide that told you what to expect and how to prepare for the exam? WACHA has developed the AAP Study Kit which provides useful tips, sample tests and quizzes—delivered electronically.

Recommended AAP Training Sessions:

1. RDFI Roles & Responsibilities
2. Government Payments and the ACH
3. ODFI Roles & Responsibilities
