Capacity Assessment Revealed

- As the Subject Matter Expert for housing during the Capacity Assessment, many issues were noted
 - Unsigned OTC
 - Email OTC/email that does not order action
 - Missing citation references
 - No identification/explanation of conditions deemed to endanger
 - Incorrect timeframes for repairs
 - Timeframe stated to call BOH to workout a repair schedule within 3 days
 - Statement to call when work is done, and no timeframes listed
 - Missing statement regarding a right to a hearing
 - No indication a re-inspection would be conducted
 - No indication a re-inspection was conducted

Inspections

- Regulatory requirements
 - Conduct of inspections (410.620)
 - Offer comprehensive inspection
 - Each inspection of a residence shall include at a minimum the condition alleged to be in violation and those standards listed in 105 CMR 410.630(A)
 - Record violations noted and identify code section
 - Inspect areas required based on type of complaint when possible
 - Pests
 - Excess Moisture
 - Identify conditions deemed to endanger

Inspections

□ The Form 410.610

- The name of the inspector
- The date and time of the inspection or investigation
- The location of the residence inspected
- The need for an additional inspection by a specialized inspector pursuant to 105 CMR 410.620(A) and the reason that such inspection is necessary
- A description of the conditions constituting violations
- A listing of the specific provisions of 105 CMR 410.000 or other applicable laws, ordinances, by-laws, rules or regulations that appear to be violated

Inspections

□ The Form 410.610

- A determination by the official inspecting the premises whether the violations noted are listed in 105 CMR 410.630(A), and whether the effect of any violation(s) or conditions not listed in 105 CMR 410.630(A) may endanger or materially impair the health, safety, or well-being of any person(s) occupying the premises
- The signature of the inspector preceded by the following statement: “This inspection report is signed and certified under the pains and penalties of perjury.”
- A copy of Occupants’ Legal Rights and Responsibilities issued by the Department

Inspections

□ Conditions Deemed to Endanger or Materially Impair Health or Safety

- 410.620(B)(1): “Each inspection of a residence shall include at a minimum the condition alleged to be in violation and those standards listed in 105 CMR 410.630(A).”
- MGL c. 111, 127A: “Said code or a supplement thereto shall designate those conditions which, when found to exist upon inspection of residential premises, shall be deemed to endanger or materially impair the health or safety of persons occupying the premises.”

Citation	Rationale for not declaring a Condition Deemed to Endanger
410.630(A)(2) Failure to provide heat	May be in only in one room within the unit
410.630(A)(4) Failure to provide the electrical facilities	1 bulb missing in common area, closet needs illumination
410.630(A)(6) Failure to provide a toilet, sink, shower or bathtub and maintain a sewage disposal system	Condition requires both deficiencies, no sink may not rise to CDE
410.630(A)(8) Failure to provide and maintain adequate exits	If one of multiple egress is blocked with an adequate number of egress, there may not be a threat threat to health/safety
410.630(A)(9) Failure to comply with the security requirements	Main entry closes/locks automatically, but associated equipment (release button/intercom) out of order
410.630(A)(10) Failure to comply with any provisions of 105 CMR 410.560 and 410.570, which results in any accumulation of refuse, filth or other causes of sickness	A small amount of debris in yard/basement or are inaccessible to occupant
410.630(A)(12) Roof, foundation, or other structural defects in violation	Violations may not expose occupant to fire, burns, shock, accident or other dangers, e.g. faucet installed incorrectly or outlet not working, a hole in the wall
410.630(A)(13) Failure to install or maintain electrical, plumbing, heating and gas-burning facilities in compliance with accepted standards	Violation may not expose occupant to fire, burns, shock, accident, or impairment to health or safety.
410.630(A)(17) Failure to maintain the premises free from pests	"Residence" include all conditions within the lot line. Rodent in outbuilding or ants in the basement or other remote area

The regulations require every occupant of a residence, upon reasonable notice and if possible by appointment, shall give the owner thereof, or the owner's representative, access to the residence for the purpose of effecting compliance with the provisions of 105 CMR 410.000. Access shall be at a reasonable time and shall include, but not be limited to, any cooperation required for repairs, alterations, pest elimination, and service of utilities. An owner shall provide at least 48 hours' notice to the occupant, except for emergency repairs for which no notice is required. See 105 CMR 410.003(E)

Compliance with 105 CMR 410.000 is defined as meeting all the requirements of 105 CMR 410.000 and correcting any violation of 105 CMR 410.000 in a work person-like manner and in accordance with accepted building, plumbing, heating, gas fitting, electrical wiring standards, or advisories issued by the Department, so that the residence or cited item or component is returned to its intended function or use. Materials and equipment shall be appropriate for the use intended and affected areas shall be left in a properly cleaned condition. When licenses or permits are required to perform the work necessary to correct the violation, including, but not limited to building, plumbing, wiring/electrical, heating, gas fitting, asbestos removal, lead-based paint abatement, and elimination of pests, compliance shall also mean that such licenses and permits have been obtained and that any conditions or requirements imposed by such licenses and permits have been met.

The Commonwealth of Massachusetts Department of Public Health

Notice of Occupants' Legal Rights and Responsibilities

This document summarizes some of the legal options that you may have when the owner of a property you live in has not fixed certain problems in your home, as required by the state Housing Code (105 CMR 410.000). **This is not legal advice.** Talk to an attorney before you decide to withhold your rent or take other action described here.

Safe and Healthy Rental Housing:

Rental housing in Massachusetts must meet minimum standards to protect the health, safety, and well-being of occupants. The Housing Code, [105 CMR 410.000](#), *Minimum Standards of Fitness for Human Habitation (State Sanitary Code, Chapter II)*, is the state regulation that sets these minimum standards. The Massachusetts Department of Public Health, Bureau of Environmental Health's [Community Sanitation Program](#) (CSP) issues this regulation, but the standards are enforced by local health departments. ¹ CSP works with local health departments and the public to provide training and technical assistance about the Housing Code. For more information, please see mass.gov/lists/housing-community-sanitation.

Your Responsibility to Keep Your House Safe and Healthy

The Housing Code also has requirements that people living in rented homes or apartments need to meet. There are some problems like pests, mold, and keeping exits clear, that might need the owners and occupants to work together to fix the problem. For example, occupants need to make sure there is no food or garbage left out that could attract pests or keep their belongings out of exit hallways. If the local health department is doing an inspection, either by your request or for another issue, the local health department may tell you there is something that you need to fix. The local health department may issue you an order to correct and give you a certain amount of time to fix the problem.

Your Right to Safe and Healthy Housing and Protection from Retaliation

If you think that conditions in your home are unsafe or unsanitary and may violate the Housing Code, you should contact your local health department. They will conduct free inspections of your home and will order your landlord to fix any violations of the Housing Code. You can find contact information for your local health department by calling your city or town hall or visiting their website. City/town websites are listed at: mass.gov/lists/massachusetts-city-and-town-websites.

Your landlord is not allowed to raise your rent or try to evict you just because you have made a complaint to them or to the local health department about the violations. This is called retaliation, and you may be able to sue the landlord for damages if this happens (M.G.L. c.186, s.18 and c.239, s.2A).

Your Right to a Hearing

You may ask for a hearing in front of your local Board of Health. You must do this in writing and within the timeframes below. If you send a written request on time to the local health department, a hearing will be held within 14 calendar days. **If you do not make a written request within the timeframes below, you lose the right to a hearing.** The chart below shows the reasons you may request a hearing, and the timeframe you have to send the request.

Reason You May Request a Hearing	Number of Days to Make the Request in Writing
Your home was not inspected	30 days from the day you contacted health department
The inspector did not find violations you think exist	30 days from the last inspection by the health department
The inspector did not issue an order to correct violations	30 days from the last inspection by the health department
The inspector did not enforce the order to correct	45 days from when the owner received the order to correct

Within **five days** after the hearing, the local health department is required to issue a final decision on your complaint (105 CMR 410.840). If you do not agree with the decision, or at any point throughout the process, you can file an appeal in housing court.

¹ Depending on your city or town, this may also be called a Local Board of Health (BOH), Local Health Authority, or Inspectional Services Department. This is the local code enforcement authority responsible for enforcing the regulations.

Post Inspection OR & R

Your Options if an Owner Does Not Fix the Problems

If your landlord does not fix violations of the Housing Code in your home, you may have some options as described below. These are not your only options, but they are common actions that tenants take in these situations. Before taking legal action, contact an attorney to protect yourself. If you cannot afford an attorney, **you may be eligible for free legal aid services.** Go to masslrf.org to find available options for free legal advice. To find additional information on tenant legal rights and responsibilities, visit: masslegalhelp.org/legal-tactics or madeuptocode.org.

Option 1: Go to Court

If your landlord does not fix the problems that the local health department ordered them to fix, or if you believe there are problems in your home that may be in violation of the Housing Code, you may also ask a court in your area to order your landlord to correct the problems.

To file a complaint, contact the Housing or District Court Clerk in your region. To find the closest Housing or District Court go to mass.gov/orgs/housing-court/locations or mass.gov/orgs/district-court/locations. These courts deal with cases about residential housing including eviction, property damage, and Housing Code enforcement. For help filing a complaint, you can contact Court Service Centers at mass.gov/info-details/learn-about-court-service-centers.

You can request that the court order the landlord to:

Fix the Problem: You or the local health department may file a petition in Housing or District Court to order the owner to fix the violations of the Housing Code (M.G.L. c. 111, s. 127 A, C).

and/or

Refund Rent You Have Paid: You can file a complaint requesting that your landlord pay back all or part of the rent you paid during the time that there were Housing Code violations. You can claim either 1) Breach of Warranty of Habitability or 2) Unfair and Deceptive Practices (M.G.L. c. 93A), or both.

For both claims, you will need to prove that your home had Housing Code violations, and that the owner knew about the violations and did not fix them. Breach of Warranty can also be filed by the local health department.

Option 2: Withhold Rent Until Repairs are Made

If your landlord does not correct *certain* housing code violations, you may be able to hold back some or all of your rent payment until they make repairs (M.G.L. c. 239, s. 8A). **Save the rent money you withhold.** A judge may require you to pay all or some of it back. If they do and you don't have this money, you may be evicted. If you withhold rent and your landlord tries to evict you from your home, you will need to prove, at a minimum, that:

- The violations may endanger or materially impair the health, safety, or well-being of a tenant;²
- The rental property owner knew about the violations before you started withholding your rent; and
- You did not cause the violations.

Option 3: Make the Repairs Yourself

State law allows you to use your rent money to pay for certain repairs (M.G.L. c. 111, s.127L), and not pay that amount in rent to your landlord. You cannot withhold more than 4 months' rent in a 12-month period to pay for repairs. If you withhold some or all your rent and use it to make repairs and your landlord tries to evict you from your home, you will need to prove:

- The local health department or court determined that the violations may endanger or materially impair the health, safety, or well-being of a residential tenant;²
- The landlord was issued an Order to Correct those violations; and
- The owner did not start the repairs (or to sign a contract for work) within 5 days after getting the Order and did not complete repairs within 14 days after receiving the notice of violations.

Option 4: End your Lease Early and Move

If you meet certain conditions, you may be able to end your lease or rental agreement and move out within a reasonable time. Contact an attorney to find out more about this option. If you cannot afford an attorney, **you may be eligible for free legal aid services.** Go to masslrf.org to find available options for free legal advice.

² These are serious violations which include problems such as not having heat, hot water, electricity or gas, or exits that are blocked.
