

MIMDA Chapter News

Free Webinar - new billing and CPT codes:

- MIMDA will offer members a free webinar on the new billing and CPT codes. There will be a real-time question and answer session, and CMEs will be available.
- Watch for an upcoming announcement of the date and time, and how to register.

This is different than the AMDA Medicare Billing and Coding Update webinar which is offered on Jan 24 - details listed below. When you register for Part 2, you'll gain access to Part 1.

Polypharmacy Quality Improvement: Cheryl Huckins MD is offering, to any member and/or their facilities, an opportunity to establish a Drive to Deprescribe quality improvement project. The success of a "D2D" workgroup at Evangelical Homes of Michigan in Saline, which reduced medications in long-term care by 18%, is going on the road to share lessons learned.

- All that is necessary to start a group is a champion from the facility (DON, ADON), a provider (MD, NP, PA) and the consultant pharmacist.
- For more information, contact Cheryl at huckinsc@gmail.com

Chapter Networking and Growth Opportunities:

- Join us at the Michigan chapter reception at the March PALTC23 conference in Tampa. We will share event space with the Ohio chapter to get to know our neighbors better. A brief members meeting will also take place.
- We are looking for additional members for our Board as well as participants for the new Education, Membership and Advocacy committees we are establishing. Please contact Audrey, our Executive Director, at michiganmda@gmail.com if you are interested.

PALTC23 – Resolutions for Voting: The list of proposed resolutions that will be voted on at PALTC23 will be available in early February. We will send this list out to MIMDA members, as well as other non-member Michigan stakeholders for feedback prior to the vote.

Watch for this important information. We will provide the means to share your opinion so that our vote is representative of Michigan interests

Medicare Billing and Coding Update: Part Two

They're B-A-C-K! Due to the overwhelming response to our November webinar on the 2023 revisions to current procedural terminology (CPT) evaluation and management services, our billing and coding experts will participate in a live Q&A-style webinar at **7:00 PM ET on Tuesday, January 24**, to answer all your questions.

During this session, presenters Charles Crecelius, MD, PhD, CMD, and Robert Zorowitz, MD, MBA, CMD, will make some brief remarks and then tackle as many audience questions as time allows. **Once registered, all participants will be given access to the first webinar recording.**

AMDA Member Price: **FREE** ([Join Now](#))

Non-Member Price: \$49.00

Don't wait to book your room and flight! It will be peak season in Tampa.

Combating COVID-19: A Town Hall with Leaders in our Nation's Response

Join us at **7:00 PM ET on Monday, January 30**, as AMDA President Suzanne Gillespie, MD, RD, CMD, leads a conversation with a senior policy advisor on the White House COVID-19 Response Team, the chief therapeutics officer at HHS, and one of AMDA's medical directors about the latest information on COVID-19 vaccination and therapeutics. You will have the opportunity to pose questions to these national leaders during the session.

Price: **FREE**

Support the Future of PALTC

The Foundation for PALTC Medicine is thrilled to announce that the Futures Class of 2023 will be AMDA's largest Futures class ever! It is only with the support of our donors that we are able to inspire future practitioners, honor contributions of those working in the field today, and create a better tomorrow for practitioners and those they serve. All donations are philanthropic and gratefully received. [Visit us and donate now.](#)
