

PHARMACY CONTINUING EDUCATION REQUIREMENTS

This activity is structured to meet knowledge-based educational needs and acquires factual knowledge. Information in knowledge-type activities is based on evidence as accepted in the literature by the health care professions. Pharmacy continuing education (PCE) credit will be earned based on participation in this activity. Attendance and participation are required before obtaining PCE credit. Any individual who is more than 10 minutes late to an activity or leaves an activity early will not be granted PCE credit. This procedure will be strictly enforced, so please plan accordingly.

Participants must complete an online activity evaluation and posttest with a passing score of 70 percent or greater no later than May 20, 2017. Posttests will not be graded and credit will not be processed until the online evaluation and posttest has officially closed for response. Please allow MPA two weeks to grade posttests and process and upload credit to CPE Monitor after the posttest has closed. NOTE: ACPE guidelines prohibit MPA from issuing credit more than 60 days after the activity for any reason; therefore, to avoid denial of credit, it is imperative that pharmacists and pharmacy technicians complete the online evaluation and posttest by the deadline indicated to allow sufficient time for processing. If all requirements are met, participants will receive pharmacy continuing education (PCE) credit through CPE Monitor, a national, collaborative effort by ACPE and the National Association of Boards of Pharmacy (NABP) to provide an electronic system for pharmacists and pharmacy technicians to track their completed PCE credits. MPA, as an ACPE-accredited provider, is required to report pharmacist and pharmacy technician PCE credit using this tracking system. Pharmacist and pharmacy technician participants must provide their NABP e-Profile identification number and date of birth (in MMDD format) when they complete activity evaluations. It will be the responsibility of the participant to provide the correct information. If this information is not correctly provided, NABP and ACPE prohibit MPA from issuing CPE credit. Online access to their inventory of completed credits will allow pharmacists and pharmacy technicians to easily monitor their compliance with CPE requirements and print statements of credit. Therefore, MPA will not provide printed statements of credit to pharmacists and pharmacy technicians. Partial credit will not be awarded. If you have yet to sign up for CPE Monitor, go to MyCPEMonitor.net.

Michigan Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

12:30	Treatment Updates for Chronic Lymphocytic Leukemia <i>Amy Seung, PharmD, BCOP</i>
1:30	Fertility, Menopause and Sexual Health: Improving Quality of Life for Cancer Survivors <i>Lisa Chism, DNP, APRN, NCMP, FAANP</i>
2:30	Break
2:45	New Drug Review <i>Anthony Perissinotti, PharmD, BCOP</i>
3:45	Meeting Evaluations/Wrap Up

INTENDED AUDIENCE

This continuing education program was designed specifically for pharmacists.

LEARNING OBJECTIVES

- At the end of this activity, participants should be able to:
- Discuss reimbursement strategies for specialty pharmacy oncology medications
 - Summarize considerations in treatment selection for prostate cancer
 - Identify the role of new agents in the treatment of CLL
 - Identify the most common menopause symptoms patients experience associated with medical and/or surgical cancer therapies
 - Recall the classes of new chemotherapeutic agents approved this year

FACULTY

FACULTY

Megan Caram, MD, MSc
Clinical Lecturer
Veterans Affairs
Ann Arbor Healthcare System
Ann Arbor, MI

Lisa Chism, DNP, APRN, NCMP, FAANP
Clinical Director,
Women's Wellness Clinic
Nurse Practitioner
Certified Menopause Practitioner
Sexual Health Counselor
and Educator
Barbara Ann Karmanos
Cancer Institute
Detroit, MI

Amy Seung, PharmD, BCOP
Senior Director,
Clinical Development
AssistRX
Cary, NC

Betsy Paul, PharmD, BCOP
Clinical Pharmacy Specialist
Hematology/Oncology,
Palliative Care
Veterans Affairs
Ann Arbor Healthcare System
Ann Arbor, MI

Anthony Perissinotti, PharmD, BCOP
