

Roland Tokarski

OhioHealth

System Vice President, Real Estate, Construction and Facilities

Roland Tokarski serves as the System Vice President for Real Estate, Construction and Facilities at OhioHealth Corporation. OhioHealth is a national healthcare leader with 28,000 employees and a real estate portfolio consisting of 11 hospitals, 400+ locations and 8.5 million square feet of on and off campus assets. Roland oversees all aspects of the portfolio from project concept through design, construction and facilities management.

He previously served in various leadership roles for a \$300mm + real estate and construction organization located in the Midwest. Serving as founder and President / CEO of a regional operation of the organization. Over a 17 year period, he grew the business to multiple offices in a 5 state region and completed over \$3.4 billion in projects. Most importantly, under his leadership, the operation was named a “Best Employer” in Ohio for 7 years in a row, achieving #1 in Ohio in 2011.

His 28+ years of experience in construction, real estate operations and development has been focused on business strategy, market growth, risk mitigation and cost efficiencies.

In addition to his professional expertise, Roland and his family are involved in numerous philanthropic organizations in the Central Ohio region including serving on the Board of Columbus Speech & Hearing Center, Big Brothers and Big Sisters and the Nationwide Children’s Hospital Development Board. He was honored as the March of Dimes “Community Builder of the Year” in 2008.

Roland received his Bachelor of Science degree in Civil Engineering from Penn State University and his Master’s in Business Administration from the University of Pittsburgh.
