If you are unfamiliar with sporting clays...to put it in a "shot shell", here's the definition we like to give - Sporting Clays, sometimes referred to as "golf with a shotgun", consists of a series of clay target stations along a half mile course trail. At each station, teams of 4 attempt to shoot airborne clay targets simulating game bird wingshooting. Scoring is easy - each target equals one point, the shooter with the most points wins.

Shooters must wear ear and eye protection at all times while on the course. Shooters will be required to sign a waiver the day of the event and abide by all the safety rules. Golf attire and comfortable shoes recommended - camouflage not required.

There are a limited amount of guns available to rent. When registering, please select if you and your team will need a gun. One gun per team is adequate. Ammunition will be provided. Everyone will receive basic safety training the day of the event. Don't worry if you haven't shot clays before - there will be lots of experienced shooters on hand.
