

UPSHOT MEDICAL CENTER SITE TOUR

Leopardo, serving as the general contractor for the Upshot Medical Center at Mills Park, is thrilled about the opportunity to expand its presence in the Florida market. The project includes two buildings: a five-story, 72,000-SF north tower and a future six-story, 90,000-SF south tower. Additionally, the project features a six-story parking garage with over 850 spaces, an outdoor courtyard, and a top-floor terrace. The buildings are designed to prioritize social responsibility and health, with pre-glazed curtain walling that provides an elegant aesthetic and ultra-thermal performance. With a firm and foundational commitment to excellence in construction, Leopardo strives to provide the highest quality work and experience to both new and existing clients, and is positioned to offer its vast expertise to the Florida market.

EVENT OVERVIEW

Thursday, April 13th / 4 PM - 5 PM

Site tour will be followed by a happy hour. Casual or business casual attire. Please wear closed toed shoes while touring the property. Vests, hardhats, and glasses will be provided. Public parking is available across from the Upshot Medical Center Building at the corner of N. Mills Road & Nebraska Street.

SPEAKERS

Three Leopardo experts will be accompanying you on your tour.

DAMON DUPRAW
PROJECT ENGINEER

Damon comes from a family of distinguished construction professionals and has been quickly making his mark on the industry, playing an integral role on all project aspects.

KEVIN KERR
SENIOR SUPERINTENDENT

Kevin coordinates, leads, and monitors day-to-day jobsite activities. His more than 25 years of healthcare construction experience make him an invaluable team leader.

LEO EVERSON
VICE PRESIDENT BUSINESS DEVELOPMENT

With 10 years of industry experience, Leo is an accomplished relationship builder and excellent strategist. He plays a key role in expanding Leopardo's national profile.
