VII. On-Site Media Coverage

- **How to Gain Admission Into The Studio Building For On-Site Coverage/Reporting**

Because of the anticipated level of coverage from local and national news media, security concerns, and limited space in the building, a media credentialing process will be in effect, and a special section of the UNC-TV building will be reserved for working press.

News media personnel who have received proper credentials will be admitted to the building, but because of limited space in the studio, only one pool reporter and one pool photographer can be accommodated in the studio *during* the debate. (As explained below, reporter access to the studio before and after the broadcast will be provided.)

To reserve space, members of the news media who wish to cover the debate onsite should contact **Steve Volstad, the Director of Marketing and Communications for UNC-TV, no later than 5:00 p.m. EST Monday, October 6.** His email address is svolstad@unctv.org, or he can be reached by phone at (919) 549-7173.

Directions to UNC-TV can be found on its website at www.unctv.org/content/directions. Please note that members of the news media are asked to arrive at UNC-TV between 6:00 p.m. and 6:30 p.m. on the evening of the debate. All parties must be in their respective places by 6:45 p.m.

- **Photo Op – Candidate Media Interviews**

The candidates and the NCABEF have agreed there will be a brief photo opportunity at 6:50 p.m. in the studio, after which one pool reporter and one pool photographer will be permitted to remain in the studio during the debate.

When the debate is over, the candidates will make themselves available for questions from the media by coming to the news media room adjacent to the studio. Please note that there will be several large television monitors available to view the debate in the room along with an available Wi-Fi connection and a mult box for audio purposes.

Media companies sending a satellite truck to UNC-TV should contact **Steve Volstad at: 919-549-7173** by noon the day of each debate.
