Structural Pest Control Core Course

Tuesday, January 28

Presented by Patty Alder, NCSU and Chris Hayes, NCSU
Sponsored by McGriff Insurance Services

The NCPMA Pesticide Certification Training Program is a two-day course led by North Carolina State University entomology experts. It prepares pest management technicians for the Structural Pest Control Certification Exam, covering core training, certification manual topics, and pest management regulations.

Study Materials: Must be obtained and reviewed in advance; not provided during the course. NCPMA offers the Pesticide Certification Training Program during its annual Pest Control Technician's School.
