

NJSOP Membership Categories Defined

ACTIVE MEMBERS shall be those Optometric Physicians who hold a valid active New Jersey license and who are approved for Membership by the Board of Directors.

ASSOCIATE MEMBERS shall be of three categories and may be admitted at the discretion of the Board of Directors. (A) Those holding recognized degrees in non-optometric disciplines. (B) Non-Optometrists having interests consistent with the objectives and purposes of this Association. (C) Military, civil service, research or other optometric physicians who are not primarily in active private practice in New Jersey, who are members of the American Optometric Association, and who wish to affiliate themselves with this Association.

An **HONORARY MEMBERSHIP** may be conferred on any person who has contributed distinguished valuable service to the conservation of vision, to the profession of optometry, or to this Association.

FACULTY MEMBERS shall be those members who hold a full time faculty or administrative position at an accredited school or college of optometry.
