OABA and OSU CFAES Partner to Host Career Fair at Farm Science Review

Opportunity for agribusinesses to connect with career seekers

COLUMBUS, Ohio (July 10, 2023) — The Ohio AgriBusiness Association (OABA) and The Ohio State University College of Food, Agricultural, and Environmental Sciences (CFAES) will again partner to hold the Career Exploration Fair at the 2023 Farm Science Review (FSR). The event will be held on Wednesday, September 20 from 10 a.m. – 12 p.m. on the FSR grounds near Gate I.

The FSR Career Exploration Fair is an opportunity for career seekers, from high school and college students to mid-career professionals, who are looking to start or change their career path to connect with agribusiness employers. All FSR attendees are invited to browse the event, which is included with show admission.

Vendor booths are available to employers for the career fair. Free vendor space is an exclusive opportunity for current OABA members and FSR exhibitors. Any interested company can indicate their interest when registering as an FSR exhibitor or by contacting the Ohio AgriBusiness Association.

For interested vendors, additional details and an interest form are available at oaba.net/events. For more information regarding the 2023 Career Exploration Fair, contact Lauren Prettyman at lprettyman@oaba.net. For more information regarding the 2023 Farm Science Review or the Career Exploration Fair, contact Nick Zachrich at zachrich.13@osu.edu.

Potential employees and those interested in learning more about jobs and careers in the agriculture industry should plan to visit the 2023 Farm Science Review on Wednesday. Complete details on the 2023 show, including ticket purchasing, are available at fsr.osu.edu.

About OABA

The Ohio AgriBusiness Association is the leading advocate for Ohio agribusiness by creating a sustainable business climate through collaborative policy leadership, continuous education and effective communication. OABA is a membership-based state trade association which includes the manufacturers and wholesale/retail suppliers of plant nutrient and protection materials, the grain warehousing and marketing industry, the feed and seed industry, as well as companies providing equipment, financing, insurance, consulting, and other products and services for the agribusiness industry. OABA is also the administrator of the Ohio Certified Crop Adviser Program, 4R Nutrient Stewardship Certification Program and Ohio Agricultural Council. For more information, visit oaba.net.
