## 2015 Anhydrous Ammonia SAFETY WORKSHOPS

March 3 - Mechanicsburg, Ohio • March 4 - Crestline, Ohio  
March 5 - Custar, Ohio

The Ohio AgriBusiness Association's Anhydrous Ammonia Safety Workshop provides dealers and employees, as well as local emergency personnel, a day-long (8:00 a.m. to 4 p.m.) interactive session focused on complying with regulations, requirements and emergency response procedures pertaining to anhydrous ammonia.

Participants will spend the morning in a classroom setting, and the afternoon at a nearby anhydrous facility to apply what they have learned. Participants will break into smaller, more interactive groups to participate in hands-on breakout sessions throughout the facility.

Highlights include:

- Experts from within and outside the industry
- Anhydrous Ammonia Properties and Characteristics
- Rail Tank Review & Bulk Safety Transport Review
- Emergency Response Procedures
- Department of Transportation Rules and Regulations
- Ohio Department of Agriculture, Environmental Protection Agency, Department of Transportation and Occupational Safety & Health Administration training requirements for anhydrous ammonia.
- Concepts related to preseason inspections, nurse tank safety, filling an applicator, loading a nurse tank and much more.

Training sessions will be held outdoors. Please dress accordingly.

Thank you to our OABA planning committee for your dedication to helping plan this event.

- Cory Cocanower, Trupointe Cooperative, Inc. - Chairman
- Jed Bookman, Trupointe Cooperative, Inc.
- Max Perry, Heritage Cooperative, Inc.
- Roger Smith, Central Ohio Farmers Co-op
- Ben Snyder, Mercer Landmark, Inc.
- Duane Staats, Town & Country Co-op Inc.
- Dave Stahl, Town & Country Co-op Inc.
