Mr. President

As Chairman of the membership committee, I can inform you that over the past year we have increased from **1,558** members in 2016 to **1655** members in 2017.

Chief Matt Noble heads the program called *County Champions* where each county has a representative, who will contact each new fire chief and forward contact information to the OFCA office.

In September in conjunction with the annual OFCA board retreat we will have a Building a toolbox to lead a successful fire Dept. Executive Director Fitzgibbon is working on the goals and agenda.

Respectively submitted
