THE FIRE CHIEF'S RESOURCE SYMPOSIUM

Building a Toolbox to Lead a Successful Fire Department

The Fire Chief's Resource Symposium is made available through the generous support of the Dominion Energy Charitable Foundation. This two-day program provides the Fire Chief with a basic tool box of information, resources, and contacts that he/she can use to provide a solid foundation toward the operation of a successful fire department. It also serves as an opportunity to introduce the Fire Chief to the Ohio Fire Chiefs' Association and the Ohio Fire & Emergency Services Foundation, and the many services and benefits the Association and Foundation provide to its members. The Symposium will be held in conjunction with the Annual OFCA Board Retreat. This will allow OFCA Board members to serve as instructors and the opportunity to spend time developing a mentor-type relationship with the Chiefs in their respective districts.

The two-day program will include the following modules:

- Legal Issues
- Ethics
- Working with Elected Officials
- Responding to the Press
- Budget & Finance
- Data Collection & Usage
- MARCS & Emergency Response Plan
- State Fire Marshal and Emergency Medical Fire and Transportation Services
- Resources of the OFCA & Professional Development
- How to Get Fired & Roundtable Discussion

Program cost is \$50.00 and is non-refundable. A one-night stay at the lodge and meals on Saturday and Sunday are covered by the Association and accompanying grant. The program is held on a weekend basis (Saturday and Sunday). **Attendees may come in on Friday evening, but any Friday cost is the responsibility of the attendee, and is \$115.00 plus applicable taxes.** Upon successful completion of the Symposium, participants will receive a one-year, complimentary membership to the OFCA.

Class size is limited to 15 students.

For more information on the Fire Chief's Resource Symposium, please contact the OFCA office at (614) 410-6322 or info@ohiofirechiefs.org.
