146th OFDA CONVENTION & EXHIBITION

EVENT OVERVIEW

A State of Collaboration celebrates what unites us as funeral professionals — our shared commitment to compassion, service, and community. This theme encourages a shift away from the mindset of competition, focusing instead on cooperation, connection, and mutual support. By working together as colleagues and partners, we strengthen the profession as a whole and enhance the care we provide to the families we serve. When we collaborate, we elevate not only our individual practices but the collective impact of funeral service in every community.

EXHIBITION

100 funeral service solution providers fill the convention space and prepare to meet new customers and connect with existing friends.
