Ohio General X-ray Machine Operator Course

Podiatric Clinical Module

ohfama.org

About the Instructor

Amy Bidlack, BRST (R) (M) is a Clinical Instructor at Riverside Hospital for Columbus State Community College and an adjunct professor at Columbus State Community College. She received her Bachelor of Science degree in Allied Health Professions from Ohio State University and is mammography certified. Amy is a member of the American Society of Radiologic Technologists.

Clinical Positioning Course Details

This Clinical Positioning Course is a **podiatric specific positioning course** required to be taken by licensees that take x-rays in a podiatric clinical practice.

The Clinical Positioning Course is intended to develop competency on digital imaging equipment.

Suggested materials: Pens, paper, highlighters—whatever you need to take notes.

Course Overview

The Ohio General X-ray Machine Operator Course is provided by the Ohio Foot & Ankle Medical Foundation, an approved provider by the Ohio Department of Health.

This course will be held virtually via the GoToMeeting platform. During the week of the course, log in instructions will be sent to the registrant via GoToWebinar at the email address provided.

Printed course materials will be mailed to registrants before the program.

To verify attendance, roll call will be taken at the beginning of the course and at the conclusion of the program.

Participants will also have the opportunity to ask questions and interact with the instructor in real time throughout the presentations.
