

**Verified Notice of Intent to Opt Out of
Dayton Power & Light Energy Efficiency / Peak Demand Reduction Programs**

Overview

Under Section 4928.6611 of the Ohio Revised Code ("ORC"), certain customers as defined in Section 4928.6610 of the ORC of The Dayton Power & Light Company ("DP&L") may opt out of DP&L's energy efficiency and peak demand reduction ("EE/PDR") programs beginning January 1, 2017. Effective January 1, 2020, mercantile customers as defined in Section 4928.01 of the ORC are also eligible to opt out. Customers who opt out of DP&L's EE/PDR programs will not be charged DP&L's EE/PDR Rider, which is the part of DP&L's electric rates that recovers the cost of EE/PDR programs. However, customers who opt out will be prohibited from participating in or benefiting from any of DP&L's EE/PDR programs.
