

Verified Notice of Intent to Opt Out of AEP Ohio's Energy Efficiency / Peak Demand Response Programs

Overview

Under Section 4928.6611 of the Ohio Revised Code, certain customers as defined in Section 4928.6610 of the ORC of Ohio Power Company ("AEP Ohio") may opt out of AEP Ohio's energy efficiency and peak demand reduction ("EE/PDR") programs beginning January 1, 2017. Effective January 1, 2020, mercantile customers as defined in Section 4928.01 of the ORC are also eligible to opt out. Customers who opt out of AEP Ohio's EE/PDR programs will not be charged AEP Ohio's EE/PDR Rider, which is the part of AEP Ohio's electric rates that recovers the cost of EE/PDR programs. However, customers who opt out will be prohibited from participating in or benefiting from any of AEP Ohio's EE/PDR programs.

Statement of Intent to Opt Out

By completing this Verified Notice of Intent to Opt Out, you are stating the intent of the account indicated below ("Eligible Account") to opt out of AEP Ohio's EE/PDR programs. Please provide the account name, account number, service address, and contact information for the Eligible Account desiring to opt out:

Opt Out Eligibility

Indicate the basis of the Eligible Account's eligibility to opt out:

The Eligible Account receives electrical service from AEP Ohio above the primary voltage level (i.e., at or
above unregulated voltages of 23,000 volts); <i>or</i>

Month

<i>All</i> of the following apply: (a) The Eligible Account is a commercial or industrial customer of AEP Ohio;
(b) the Eligible Account's electric usage has exceeded 45 million kWh in a single location in the preceding
calendar year; and (c) the Eligible Account has made a written request for registration as a self-assessing
purchaser pursuant to Section 5727.81 of the Ohio Revised Code; <i>or</i>

The Eligible Account is a Commercial or Industrial customer and more than 700,000 kWh per year is consumed for nonresidential usage; *or*

The Eligible Account is part of a national account involving multiple facilities in one or more states.

Additional Accounts "Located on or Adjacent to" the Eligible Account

Under Section 4928.6611 of the Ohio Revised Code, an opt-out shall extend to all of the customer's accounts that are "located on or adjacent to" the Eligible Account so long as these accounts "are associated with the activities performed by the customer." Please list all such adjacent accounts on the attached sheet (page 3).

Multiple Eligible Accounts

If the customer has more than one account that meets the opt-out eligibility criteria, the customer should complete a separate Verified Notice of Intent to Opt Out for each eligible account, indicating any additional accounts "located on or adjacent to" an eligible account on the Verified Notice for that account.

Date of Customer EE/PDR Activities

Under Section 4928.6612(E) of the Ohio Revised Code, this Verified Notice of Intent to Opt Out must list the "date upon which the customer established, or plans to establish a process and implement, cost-effective measures to improve its energy efficiency savings and peak demand reductions." Please indicate that date below:

The customer established, or plans to establish, its				
own cost-effective EE/PDR measures on:	Month	Day	Year
