**20%**  
of school-aged children are  
neurologically diverse

**The New Normal**

- Giftedness
- Autism
- Asperger's Syndrome
- Sensory Processing Disorder
- ADD/ADHD
- Dyslexia
- Anxiety/Depression
- Twice Exceptional—two or more of the above

5

Without the pop-in, without the vibrant presence of neighbors, without life in the cul-de-sacs and the streets, the pressure reverts back to the nuclear family.

- Jennifer Senior

17

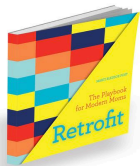

The biggest problem for working  
moms is actually what happens  
at home—or more accurately,  
what *doesn't* happen.

18

65%/35%

child care responsibilities shouldered  
by working mothers versus working fathers

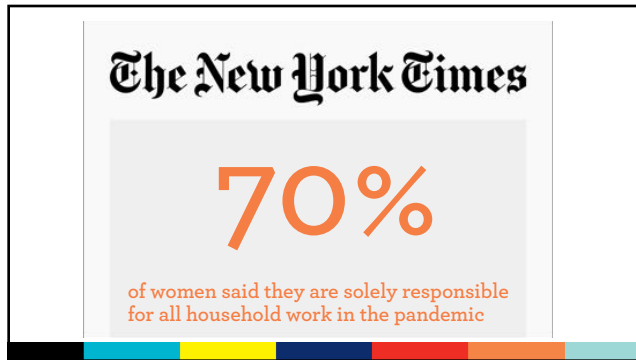

19

Half of dads think they do the  
majority of homeschooling

3% of moms agree

**The New York Times**

20

21

What this told them was that even though dads were now home just as much as moms, they still were not doing an equal share of the work.

Develop a “Village Mindset”

You still need:

- Teacher
- Counselor
- Doctor
- Entertainer

In short, you need child care

41

42

In a society that has decided to outsource child care responsibilities to the school system, the fact that this system goes on an annual months-long holiday is already a nightmare for working parents.

Elie Mystal, The Nation

43

Now, the coronavirus pandemic is blowing apart the kinds of summer child care relief that parents rely on.

- Summer school is not happening.
- Summer camp is not happening.
- Summer youth sports leagues are not happening.

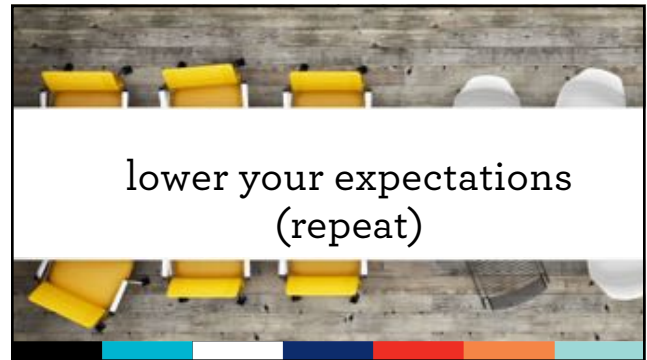

The coronavirus makes it dangerous to dump your little disease vectors with their grandparents.

Where the hell are parents supposed to put their kids during long summer days when they're supposed to go back to work?
