Hear from our physicians and learn practical tips for living well during and beyond cancer treatment.

Topics include:

- Screening and prevention
- Nutrition during and after treatment
- Fitness and recovery
- Managing fatigue and wellness
- Emotional health and resilience

Guest Speaker Raymont Harris

Founder of Elite Mindset & Performance (EMP), former NFL player and motivational speaker Raymont Harris will share a powerful message of resilience, hope, and the mindset needed to face life's toughest challenges. Through his Control the Controllables framework, Raymont will inspire patients, survivors, caregivers, and families to focus on what they can control, find strength in adversity, and move forward with purpose.
