

The Cleveland Academy of Osteopathic Medicine Lake Erie College of Osteopathic Medicine / Lake Erie Consortium for Osteopathic Medical Training

Presents

The Musculoskeletal Manipulation Course: Approaching Musculoskeletal Problems Using Osteopathic Manipulation

A Special Course offered during the 52nd Annual CAOM January Seminar

DATES: Friday and Saturday, January 20th and 21st, 2017

[Optional CAOM January Seminar OMT Workshop on Sunday, January 22nd]

COURSE FACULTY

Paul Evans, DO, FACOPF

Dr. Evans is the Director of Bryan Leadership and Education Institute at the Western University of Health Sciences College of Osteopathic Medicine of the Pacific NW. He served as the founding Dean of both Marian University College of Osteopathic Medicine in Indianapolis, Indiana and prior to that at the Georgia Campus Philadelphia College of Osteopathic Medicine (GA-PCOM). Dr. Evans has had extensive experience in academic and military medicine, including serving as Family Medicine residency program director, chairperson, and director of a multi-specialty primary care group, with over 26 years in military medicine.

Michael P. Rowane, DO, MS, FAAFP, FAAO

Dr. Rowane is the Director of Medical Education of University Hospitals Regional Hospitals in the Cleveland, Ohio area. He is currently the President Elect of the American Academy of Osteopathy. He previously served as a Family Medicine Program Director at University Hospitals Cleveland Medical Center. He is an Associate Clinical Professor of Family Medicine and Psychiatry at Case Western Reserve University.

Robert B. Truax, DO

Dr. Truax is an Assistant Professor of Family Medicine at Case Western Reserve University and Ohio University Heritage College of Osteopathic Medicine. He is a faculty member in the Department of Osteopathic Manipulative Medicine at OUHCOM and has a clinical practice with the UH Connor Integrative Medicine Center at University Hospitals Ahuja Medical Center in Beachwood, Ohio. Dr. Truax is an additional faculty member who has taught the course over nearly the last decade. He has an extensive background including a pre-doctoral fellowship Osteopathic Manipulative Medicine/Musculoskeletal Medicine and completed a Sports Medicine Fellowship.

COURSE DESCRIPTION:

Drs. Evans and Rowane, the primary faculty of the course are the authors of "**Basic Musculoskeletal Manipulation: the 15 Minute Office Visit**," the accompanying textbook for the course. This course will teach basic assessment and treatment for low back pain, thoracic and neck pain with Osteopathic Manipulative Treatment [OMT]. The course, sometimes referred to as "Osteopathic Manipulation 101," is designed for both novice MD and experienced DO physicians who may feel a bit rusty. Osteopathic physicians with expertise, but desire exposure to a method to teach osteopathic concepts will benefit from this course as well. The course is broken up into two parts. The first part is the basic OMT curriculum taught to DO and MD residents and attending physicians. The second part is a faculty development session to review teaching concepts and specific tips on supervising residents and students by DO and MD faculty. There is an optional 3rd day for added OMT training with a regional faculty.

LEARNING OBJECTIVES:

Upon completion of this program, participants will be able to:

- Perform basic assessment and treatment techniques for common somatic dysfunction
- Treat musculoskeletal conditions involving low back pain, thoracic pain and neck pain using basic manipulation techniques to the following areas:
 - long restrictors (piriformis and psoas),
 - sacroiliac joint,
 - lumbar spine,
 - thoracic region,
 - cervical spine, and
 - the application of OMT in evaluating and treating the hospitalized patient.
- Demonstrate how to use of all diagnostic and treatment skills in a simulated 15 minute office visit
- Discuss how to appropriately bill and code when using Osteopathic Manipulative Treatment [OMT].
- Develop a curricular model to teach basic manipulation at each attendee's individual training program.
- Review chart and supervision strategies for MD physicians who supervise DO residents doing OMT.

The Musculoskeletal Manipulation Course: Approaching Musculoskeletal Problems Using Osteopathic Manipulation

- **Sponsor:** Cleveland Academy of Osteopathic Medicine, the Ohio Osteopathic Foundation and the Lake Erie Consortium for Osteopathic Medical Training (LECOMT)
- **LOCATION:** The Ritz-Carlton Downtown Cleveland
- **Dates:** Friday and Saturday, January 20th and 21st, 2017

Course Background

This course is an integration of formal curriculum in Osteopathic Manipulative Medicine / Musculoskeletal Medicine refined over the past 20 years by Drs. Evans and Rowane. This course has been successfully given in Family Medicine and Sports Medicine residencies and fellowships as well as state and national conferences.

The unique course is scheduled for **Friday and Saturday, January 20th and 21st, 2017**. The Manipulation in Primary Care Course will take place in the Cleveland, Ohio at the **Ritz-Carlton Downtown Cleveland**. The Cleveland Academy of Osteopathic Medicine, University Hospitals and the Lake Erie Consortium for Osteopathic Medical Training (LECOMT) are sponsoring the course together.

NOTE: The CAOM January Seminar will have an additional eight [8] hour all day program incorporating Osteopathic Principles and Practices [OPP] / Osteopathic Manipulative Treatment [OMT] on Sunday, January 22, 2017 for any participants wishing to attend. This will allow any participant to complete twenty-four [24] hours of CME credits on the application of OPP/OMT by attending both programs.

CONTINUING EDUCATION CREDIT

Physicians: "This program anticipates being approved for sixteen and a half of AOA Category 1-A CME credits pending approval by the AOA for CME." Sign-in and full day attendance of program required for credit. All faculty participating in continuing medical education programs sponsored by the CAOM are expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s). CME documentation is also available to participants from other disciplines upon request.

HOTEL ACCOMMODATIONS:

A block of rooms has been reserved for registrants from Thursday, January 19th through Monday, January 23rd, 2017 at the Ritz-Carlton Downtown Cleveland.

The rate for a room is \$159.00 per room/plus tax. Participants can reserve rooms two different ways:

1. Make reservations through the following link. www.ritzcarlton.com/cleveland. The group code is **osmosma** for Deluxe rooms at \$159.00.
2. If guests opt to call in to make their reservation, they would call 1-800-241-3333. Upon speaking with the reservation agent, they need only reference the name of the program "**Cleveland Academy of Osteopathic Medicine**", and offer their date of arrival. These details are very important. This information, will prompt the agent to search for the block of rooms, instead of inspiring confusion about online code.

PARKING AND FACILITY INFO: Hotel valet parking is available at the front entrance of the hotel at 1515 West Third Street. The overnight parking rate is \$28 per car per night and the daily event rate is \$12 per car per day. Self-parking is available in the Tower City Center adjacent to the hotel.

REGISTRATION: To register for CME, please complete the attached [registration form](#) and return with your payment to:

"Treating Our Family and Yours"

Tuition Fee of \$495.00 for physicians, \$425 for Cleveland Academy of Osteopathic Medicine Members, \$425 for faculty of training programs affiliated with the Lake Erie College of Osteopathic Medicine / Lake Erie Consortium for Osteopathic Medical Training Cleveland Academy of Osteopathic Medicine Members and \$275.00 for residents/interns, includes continental breakfasts, lunch, and A COPY OF THE COURSE TEXTBOOK "**Basic Musculoskeletal Manipulation: The 15 Minute Office Visit**." The faculty development portion of the course is open to all course attendees. Registration for individual days and fees are on the registration form. **Pre-registration is required and cannot be confirmed without tuition fees.** Registration fees are non-refundable unless cancellations are made 7 days prior to program date. Registration inquiries the **Cleveland Academy of Osteopathic Medicine**.

The Musculoskeletal Manipulation Course: Approaching Musculoskeletal Problems Using Osteopathic Manipulation

BACKGROUND: This course is designed for physicians with little or no prior experience who wish to learn basic manipulation skills for assessing and treating common clinical problems. It will also serve as a good review for DOs who wish to refresh their skills, as well as those with expertise, but desire exposure to a method to teach osteopathic concepts. An osteopathic framework emphasizing soft tissue (ST), muscle energy (ME) and high velocity-low amplitude (HVLA) techniques will be used. Participants will learn focused examination tips and basic treatment techniques, working on each other as simulated patients. Techniques will cover cervical, thoracic, lumbar, and sacral areas as well as special cases. Common clinical cases will be presented for attendees to solve using newly learned skills under instructor supervision to ensure competence and confidence.

Course Schedule: Day 1

<u>Day #1: Morning Session</u>	<u>Introduction / Low Back Pain</u>
8:00 – 8:10	Welcome / Course Overview
8:10 - 8:50	Introductory Concepts
8:50 – 9:10	Long Restrictor: Concepts
9:10 – 9:40	Long Restrictor: Lab
9:40 – 10:15	Pelvis/Sacroiliac I: Concepts / Lab
10:15 – 10:30	BREAK
10:30 – 11:10	Pelvis/Sacroiliac II: Concepts / Lab
11:10 – 11:40	Lumbar Spine: Concepts / Lab
11:40 – 12:00	Model: “Putting it all together- the 15 minute Low Back Pain Patient visit.”
12:00 – 1:00	LUNCH
<u>Day #1: Afternoon Session</u>	<u>Thoracic Spine / Thoracic Cage</u>
1:00 – 2:00	Thoracic Spine/Concepts-Lab 1 (Introduction/Palpation/Soft Tissue)
2:00 – 3:00	Thoracic Spine/Concepts-Lab 2 (Muscle Energy: Upper/Lower)
3:00 – 3:15	BREAK
3:15 – 4:00	Double Arm Thrust Technique: Muscle Energy & HV-LA
4:00 – 4:15	Thoracic Cage Diagnosis & Treatment: Inspiratory & Expiratory Dysfunction
4:15 – 4:30	Soft Tissue Techniques: Thoracic Cage
4:30 – 5:30	Muscle Energy Techniques: Thoracic Cage

Instructors will stay after session for questions as needed until 6:00

Course Schedule: Day #2

<u>Day #2: Morning Session</u>	<u>Cervicothoracic / Cervical Spine</u>
8:00 – 8:20	Introduction / Cervicothoracic Junction – First Rib
8:20 – 8:40	Diagnosis of Cervicothoracic Junction Lab 1 -Determining the Side-Bending and Rotational Components - Palpation
8:40 – 9:00	Soft Tissue Techniques: Cervicothoracic Junction Lab 2 - Cervical Flexion Stretching (X) - Trapezius Pinch / Inhibition
9:00 – 9:40	Muscle Energy: Cervicothoracic Junction Lab 3 - Side-Bending Component - Rotational Component
9:40 – 10:00	Cervical Spine: - Introduction / Cervical Spine - Learning Objectives - Functional Anatomy - Superficial Anatomic Landmarks
10:00 – 10:15	BREAK
10:15 - 10:45	Cervical Spine Lab 1: - Diagnosis of Cervical Spine - Palpation Exercises
10:45 - 11:15	Cervical Spine Lab 2: Soft Tissue Techniques
11:15 – 11:45	Cervical Spine Lab 3: Muscle Energy Techniques: - Upper Cervicals (C1 - C2) - Lower Cervicals (C3 - C7)
11:45 - 12:30	Lecture / Lab: Model: “Putting it all together- The 15 minute Neck & Back Pain Patient visit.”
12:30- 1:00	WORKING LUNCH Case Review / Billing & Coding
<u>Day #2: Afternoon Session</u>	<u>Additional Applications of OMT / Faculty Development</u>
1:00 – 1:20	The Application of OMT in Evaluating and Managing the Hospitalized Patient: • Introduction • Respiratory-Circulatory Model
1:20 – 1:40	Rib Raising OMT technique
1:40 – 2:30	Utilizing an integrated Evaluation-Treatment 4 Step Method
2:30 – 2:45	BREAK
2:45 – 3:15	The Application of OPP/OMM/OMT in Training Programs • Expectations for ACGME Osteopathic Recognition training programs • Establishing a curriculum in Osteopathic Manipulation for your training program
3:15 – 3:45	Interactive Session: Teaching & Evaluation • Effective Teaching Techniques • Learning effective skill stations techniques • Evaluation tools for OPP/OMM/OMT • Setting up an OSCE • Competency Based Evaluation/Milestones
3:45 – 4:15	Interactive Session: Quality assurance with Osteopathic Manipulation • Quality assurance implementation • Credentialing and Supervision issues
4:15 – 4:30	Wrap Up/ Final Comments / Evaluations

This program is being supported by:
The Cleveland Academy of Osteopathic Medicine,
The Ohio Osteopathic Foundation, and The Lake Erie
College of Osteopathic Medicine / Lake Erie
Consortium for Osteopathic Medical Training

OPTIONAL 3RD DAY PROGRAM

52ND ANNUAL JANUARY SEMINAR SCHEDULE

THIS PROGRAM IS CO-SPONSORED BY:

SUNDAY, JANUARY 22, 2016

- 7:30 OMT Technique Focus: Soft Tissue and Myofascial Release [Presentation & Lab]**
Primary Presenter: Susan M. Borisuk-Ratay, DO
- 8:30 OMT Technique Focus: Muscle Energy [Presentation & Lab]**
Primary Presenters: Christopher L. Tangen, DO /
Michael P. Rowane, DO, MS, FAAFP, FAAO
- 9:30 BREAK**
- 9:40 OMT Technique Focus: HVLA [Presentation & Lab]**
Primary Presenters: Christopher Parnell, DO /
Vivek Babaria, DO
- 10:40 OMT Technique Focus: Osteopathic Cranial Manipulation [Presentation & Lab]**
Primary Presenter: Kelli S. Buckner, DO
- 11:40 LUNCH**
- 12:10 Why an Osteopathic Approach is the Optimal Model for Rehabilitation: A Paradigm Shift [Presentation]**
Primary Presenter: Robert B. Truax, DO
- 12:40 Utilizing Osteopathic Concepts to Manage Cervicogenic Headache and Concussion Syndrome [Presentation & Lab]**
Primary Presenters: Mary L. Solomon, DO /
Anne Marie Zeller, DO, MSc
- 1:40 A Practical Approach to Utilizing OMT: "The Meat and Potatoes of Low Back Pain" [Presentation & Lab]**
Primary Presenter: Fredrick P. Wilson, DO
- 2:40 BREAK**
- 2:50 Osteopathic Insights in Allergy-Immunology: Applications to Common Clinical Conditions [Presentation & Lab]**
Primary Presenters: Robert Hostoffer, DO, FAAP, FACOP, FACP, FACOI /
Devi Jhaveri, DO
- 4:10 Bringing It Together: An Osteopathic Perspective [Presentation]**
Primary Presenter: Michael P. Rowane, DO, MS, FAAFP, FAAO
- 4:20 Program Conclusion**
Program Chairperson: Michael P. Rowane, DO, MS, FAAFP, FAAO
- Course Faculty and Table Trainers:**
- Vivek Babaria, DO
 - Kelli S. Buckner, DO
 - Robert W. Hostoffer, DO, FAAP, FACOP, FACP, FACOI
 - Devi Jhaveri, DO
 - Christopher Parnell, DO
 - Susan M. Borisuk-Ratay, DO
 - Michael P. Rowane, DO, MS, FAAFP, FAAO
 - Mary L. Solomon, DO
 - Christopher L. Tangen, DO
 - Robert B. Truax, DO
 - Fredrick P. Wilson, DO
 - Anne Marie Zeller, DO, MSc

The Musculoskeletal Manipulation Course: Friday and Saturday, January 20-21, 2017

- Physicians: \$495.00 [Non-CAOM Members] 16.0 CME credits
- Physicians: \$425.00 [CAOM Members] 16.0 CME credits
- Physicians: \$425.00 [LECOM/LECOMT Members] 16.0 CME credits
- Resident/Fellow: \$275.00

CAOM January Seminar OMT Workshop: Sunday, January 22, 2017

[NOTE: These rates are for participants in the Musculoskeletal Manipulation Course]

- Physicians: \$125.00 [Non-CAOM Members] 8.0 CME credits
- Physicians: \$75.00 [CAOM/LECOM/LECOMT Members] 8.0 CME credits
- Student/Intern/Resident/Fellow: FREE

- In the event that a participant does not wish to have the course textbook then they may have a \$50.00 discount off the course. [Textbook is discounted from its \$99.95 price for course participants] No handouts will be provided for the course, as the coursework is from the textbook, "**Basic Musculoskeletal Manipulation: the 15 Minute Office Visit.**"
