CNN Reports: Akron Docs Slash Lab Test Costs

Mission Statement

Represent physicians in the professional aspects of their practice and improve the health of the community

The Purpose of the SCMS

To extend medical knowledge, advance medical science, cultivate fraternal and social relationships among its members, elevate and make known the opinions... More >>

Steve O'Dell, 60, lost his health insurance coverage a year ago, so cutting costs is important. He recently had three lab tests done through the Summit County Medical Society program, and his wife had two, all for less than \$100, she said.

"That's even better than us paying the deductible," she said. Read more from CNN.

Learn how our program can help you

Low Cost Blood Tests

Blood tests at Medicare prices are available through a special online program offered through the Summit County Medical Society. You can access these discounted prices at <http://summitcountymedicalsociety.prepaidlab.com/>. We know of no lower cost alternative available. The program requires you to prepay online. Once you have done that, you can then have your labs drawn at any one of three LabCorp of America locations in Summit County. You will need a credit card, online access, your doctor's fax number and a printer to complete the process.

Low Cost Prescription Medicine

State and community agencies in Ohio have worked with American pharmaceutical companies to develop Rx for Ohio at www.rxforohio.org. This is where low-income, uninsured Ohioans can access brand-name medications for free or discounted prices. The website makes it very easy to find out if you or a loved one - or perhaps a patient - qualifies for such assistance. Once you are at the website, begin by clicking on the Patient, Caregiver or Prescriber button. Those who are eligible will need to complete an application process.

As seen on CNN.com, Low Cost Internet Labs [click here](#)

For the Uninsured in Summit County [click here](#)

2010-2011 Summit County Flu Information

According to the Centers for Disease Control and Prevention (CDC), "everyone 6 months and older should get a flu vaccine as soon as vaccine is available this fall. While flu is unpredictable, it's likely that 2009 H1N1 viruses and regular seasonal viruses will cause illness in the U.S. this flu season. The 2010-2011 flu vaccine will protect against three

Locate A Lab

Our easy-to-use search will help you locate a participating lab near you.

[Locate a Lab Now](#)

Order Your Blood Test Online

Choose from one of the lab test categories on the left and use our secure online ordering system or call us at 1-800-903-3921.

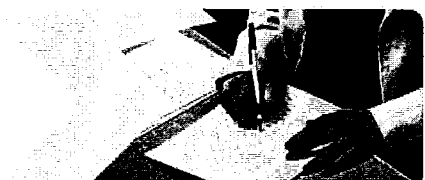

[View Lab Test Categories Now](#)

Visit the Lab

Print the INSTAREQ requisition displayed on the screen (located under the two stop signs) at the end of the order. This is the ONLY document you need to take with you to the lab location.

WARNING: Presenting any document other than your PrePaidLab.com requisition may result in additional charges.

Receive your Results

Receive your Results via secure email. We will contact you when your results are ready, typically within 48 hours!

Order online or call 1-800-903-3921 for secure, confidential, lab tests performed by nationally recognized laboratories and reviewed by certified medical professionals, and you decide who receives the results.

PrePaidLab.com can provide these lab tests to you at a fraction of the Lab Retail Prices due to the large volume of tests that we process.

PrePaidLab.com testing is secure, affordable, fast, convenient, reliable and confidential. Order online or call us today, toll free at 1-800-903-3921 to place your order.

Be sure to check with your primary care physician for details regarding FASTING prior to visiting a lab location. There are a number of tests such as those dealing with Cardiac Health or Diabetes that require 8 - 12 hours of fasting before a blood test can be administered.

At this time, PrePaidLab.com is not available New York, New Jersey, Massachusetts, or Rhode Island. Any orders submitted from these states will be cancelled. If you have any questions please, call our Customer Service Specialists at 1-800-903-3921.
