Compounding for Pain Management

Friday, September 20, 2013

Ohio Pharmacists Association • 2674 Federated Blvd. • Columbus, Ohio 43235

Join other pharmacists for novel continuing education specifically targeted for individuals interested in engaging in pain management. Learn the essential elements of pain management and compounding for pain patients in this four-hour seminar. This seminar will incorporate the clinical, science and practical applications of pain management. It will also feature an analysis of case studies which provide practical application of the information presented.

PAIN MANAGEMENT

Renowned pain management expert Hal S. Blatman, MD will discuss current treatments, innovative solutions, and overall wellness tips to keeping your patients pain free. He is the founder and medical director of the Blatman Pain Clinic, and a nationally recognized specialist in myofascial pain. He is board certified in both Pain Management and Occupational & Environmental Medicine.

Dr. Blatman leads a team of specialists and practitioners committed to helping achieve better health and vitality by treating and eliminating pain. The Blatman Pain Clinic has served the Cincinnati, Ohio and Northern Kentucky area since 1988, improving patients' lives by relieving and eliminating pain, especially myofascial pain symptoms and chronic pain, including fibromyalgia syndrome.
