Presenters: John A. Renner Jr., MD, and William Morrone, DO
Bring: Photo ID
Cost: No fee

DATA 2000 Sponsoring Organization: American Academy of
Addiction Psychiatry (AAAP)

Upon registration, you will receive a link to the online portion of the course to be completed prior to the face-to-face portion Oct. 15. Waivers can only be obtained directly by physicians at this time. Residents may take the course and apply for their waiver when they receive their medical degree. Physician assistants (PAs) and advanced practice registered nurses (APRNs) are also encouraged to take the course and apply for a waiver once the regulations are promulgated from the Comprehensive Addiction and Recovery Act (CARA).

About the waiver training

Buprenorphine waiver training is available for physicians interested in seeking their waiver to prescribe buprenorphine in the treatment of opioid use disorders. To obtain the waiver to prescribe, providers are required to take eight hours of training.

This is a "Half and Half Training," which means the first half is taken online and the second half is completed in person. **The online portion must be completed before the live course on Oct 15.** Register [here](#) or [email](#). Following the training, physicians who have successfully completed the course may apply to SAMHSA to obtain the waiver. PCSS-MAT urges all physicians who complete the course to submit a Notice of Intent Form (provided at the training) to SAMHSA to obtain your waiver to prescribe.

PCSS-MAT has a comprehensive library of materials available at no cost that were created to give physicians confidence in treating these complex patients. PCSS-MAT has a no-cost clinical [coaching/mentoring](#) program to provide one-on-one expert help to primary care providers.

CME Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AAAP, Ohio State Society of the American College of Osteopathic Family Physicians, and Ohio University Heritage College of Osteopathic Medicine. AAAP is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: American Academy of Addiction Psychiatry designates the (first "half" of the course) enduring material for a maximum of 3.75 AMA PRA Category 1 Credits™. American Academy of Addiction Psychiatry designates the (second "half" of the course) live activity for a maximum of 4.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Ohio University Heritage College of Osteopathic Medicine has requested that the AOA Council on Continuing Medical Education approve this program for 4 credits of AOA Category 1-A CME credit. Approval is currently pending.

Method of physician participation in the learning process: Credit will only be awarded for completing both the "first" and the "second" half of the training. To be awarded a maximum of 8 AMA PRA Category 1 Credits™ and a Buprenorphine Training Completion Certificate you must complete 3.75 hours of the first enduring material half and 4.25 hours of the second live half and receive a minimum cumulative score of 75% on the examination.
