

What is Faith Trek?

Each Southern Ohio Synod congregation is encouraged to nominate young people from grade nine or ten to participate in Faith Trek. Participating youth are chosen on the basis of the Christian commitment they have already demonstrated in their congregations, schools and communities. They are also selected according to their potential to develop even stronger leadership skills. Participants are asked to make commitments to the eight month program and to spiritual growth and service projects in their local congregations and communities.

Faith Trek seeks to:

- Honor the youth of the Southern Ohio Synod, ELCA
- Aid the spiritual development of synod youth;
- Foster an awareness of and engagement with the larger church;
- Identify and develop youth leadership skills;
- Empower synod youth as members of the Body of Christ as they experience hope in faith, growth in Christian friendships and confidence in their abilities to make a difference in the world around them; and
- Have fun together in the presence of the Lord.

Faith Trek is a journey and an opportunity to challenge and grow our young people into the congregational, synodical, and churchwide leaders of tomorrow.
