

If you
think you're
too small
to make
a difference,
you haven't
met a
mosquito.

— African proverb

In many parts of Africa, mosquitoes are more than a nuisance; they carry the leading cause of death for children under the age of 5. The ELCA is working to change that. Since the start of the ELCA Malaria Campaign, we have already seen a reduction in the number of deaths from this preventable, treatable disease. But we're not done yet. Working through Lutheran partners in Africa, we can make a difference to help end deaths from this disease — for good.

Give now.
