

# ACCREDITED ACH PROFESSIONAL *Certification*

WACHA has just announced a NEW Advanced Certification Program

## Becoming an Industry Leader

Accredited ACH Professionals (AAPs) are an elite group of highly-skilled professionals who are recognized for their electronic payments expertise and who have a strong competitive edge in functioning as effective partners in the business and financial arenas. The AAP accreditation is recognized as the gold standard in ACH excellence.

AAPs bring a wide range of experience and a critical knowledge base that is a valuable asset to any organization and Regulators seek out AAP's during exams.

## What is an AAP?

AAPs (Accredited ACH Professionals) are recognized as experts on ACH-related issues. As an AAP you'll become a leader in your field while increasing your value to your organization. It's a win/win situation. However, before you embark on the journey, a certain amount of preparation is required.

It is recommended that you have at least two years of payments-related experience before you attempt to take the AAP exam.

In addition, you'll want to prepare for the exam by attending classes offered by WACHA that provide the information you'll need to pass the exam, as well as purchasing the necessary study materials.

## The AAP Offer

WACHA offers a special incentive package to individuals who want to take the AAP exam in October. You will need certain publications for reference and study, as well as training sessions (see the "AAP Recommended Publications" and "Recommended AAP Training Sessions") which cover information necessary to pass the AAP exam. Wouldn't it also be helpful to have a study guide that told you what to expect and how to prepare for the exam? WACHA has developed the AAP Study Kit which provides useful tips, sample tests and quizzes— delivered electronically.

## And if that wasn't enough – We offer a Money-Back Guarantee!

We're so confident that we've put together a great package that we're willing to guarantee your success! If you take all the recommended AAP training sessions in person and purchase the offer below, and you DO NOT PASS THE EXAM, we'll reimburse you for the \$495 AAP test registration fee!

**\*Money back guarantee is only valid for the year the package is purchased and cannot be carried over.**
