(COPE approval pending)*

ONE DAY REGISTRATION OR TWO DAY DISCOUNTED REGISTRATION IS OFFERED

Register on line at www.njsop.org

Presented by:

and

Dear Colleagues:

The American Board of Optometry will make available the inaugural Board Certification examination for those candidates eligible to sit for the examination in June 2011.

The NJSOP supports the concept of voluntary Board Certification in optometry as proposed by the ABO and has pledged its assistance in helping to prepare persons to achieve this credential.

Accordingly, I am pleased to announce the creation and availability of two special continuing education programs which we feel have been structured to assist those persons who seek the Board Certification credential. I have called upon the NJSOP Vice President, Dr. Rudy Rodriguez and the Clinical Care Committee to work with the excellent professional staff of Omni Eye Services to develop a model curriculum which shall parallel the detailed outline of the range of topics to be probed in the Board Certification examination.

I am sure that you will find this dynamic and rapid-fire educational experience to be rewarding whether you choose to attend to secure the regular continuing education credits needed for biannual re-licensure or because you wish to prepare yourself for the June Board Certification examination. Those persons who have called upon us to provide a greater range of core optometric education beyond traditional ocular pathology and pharmacology will find much to their liking with these sessions.

I encourage all NJSOP members to consider the attainment of the Board Certification credential and I believe that you will enjoy the academic exercise, the interaction with your colleagues and a sense of professional satisfaction when complete.

Sincerely,

Charles H. Fitzpatrick, O.D., President
New Jersey Society of Optometric Physicians

**Please visit the American Board of Optometry's website:
www.ABOPT.org for more information about the complete
Board Certification process.**

**Click on the red "Get Certified" tab at the top of the page and follow the
instructions to obtain Active Candidate Status.**
